A Guest lecture on “Funding Opportunities for Entrepreneurs” was scheduled on 3rd September 2021 at 04.30 p.m. This seminar was organized for all students and faculties of Engineering and Architecture. This lecture was delivered by “Mr. Pradip Ingle,” a Regional Officer from the Maharashtra Centre for Entrepreneurship Development (MCED) in Amravati. He starts by discussing the meaning of MSME, which stands for Ministry of Micro, Small, and Medium Enterprises, and then went on to describe the differences between the three categories based on the amount of money invested in plant and machinery or types of equipment. He explained how to raise funds from the government through programs such as the Chief Minister Employment Generation Program (CMEGP), Prime Minister Employment Generation Program (PMEGP), etc. For students who want to be entrepreneurs, this presentation was helpful in identifying the domain in which students may turn their business ideas into enterprises. This lecture primarily focused on the sectors identified for the Technology-based Entrepreneurship Development Program (TEDP).

A REPORT ON
“Journey from Idea to Start up”

Date: 20/08/2021

Time: 4.30 pm

Type: Entrepreneurship skill Development

Venue: Zoom meeting

Aim: To empower students for converting their business ideas into startups.

Objectives: To know about entrepreneurship opportunities in the market and help them to convert their business ideas into startups.

Introduction:

The “Journey from Idea to Startup” guest lecture was organized to help students and faculty members to develop entrepreneurship abilities. “Mr. Shrirang Gokhale”, a retired R&D head from Philips, was the resource person for this lecture. He described the thinking of a creative person at various stages of the process. The first is Empathize, which defines the problem, the second is Ideate, which generates ideas, and the third is Prototype/Test, which evaluates the generated ideas. He also went through the product, the manufacturing method, and the design. He explained in detail on the process of idea generation and the feasibility study of new ideas. Later, he talked about quick and easy ways to write company plans. He demonstrated the framework of business plans and recommendations for writing an effective business plan to students as part of this. It was a valuable experience for students to learn about company concepts and business strategies.
