

VIDYA PRATISHTHAN'S SCHOOL OF ARCHITECTURE, BARAMATI

STRATEGIC PLAN

SHORT-TERM GOALS

- To increase student enrollment by implementing strategies to attract more students.
- To improve the quality of teaching by providing professional development opportunities for faculty members
- To keep enhancing the curriculum by introducing new courses and to update the existing ones by incorporating current developments in teaching pedagogy, materials and technologies in the field of architecture and design.
- To adapt new technology and infrastructure to support advanced research and design projects.
- To organize National/ International research conferences

LONG-TERM GOALS

- To establish an innovation and incubation center for excellence in research in the field of architecture and design.
- To expand the institute's reach by developing partnerships with other universities, both Nationally and Internationally and to offer joint degree programs and exchange opportunities for students and faculty alike.
- To create a diverse and inclusive community that attracts and retains talented students and faculty from different backgrounds and cultures.
- To adopt sustainable and environmentally responsible practices in architecture, including designing buildings and structures that are energy-efficient and use renewable resources.

VIDYA PRATISHTHAN'S SCHOOL OF ARCHITECTURE, BARAMATI

- To equip faculty and students with the skills and knowledge necessary to tackle complex challenges facing the built environment, such as urbanization, climate change, and social equity.
- To adopt paperless technology for day-to-day working.
- To construct state-of-the-art construction yards and laboratories with advanced machineries.
- To set up a product design cell with the necessary equipment.
